Here's What We Have Been Working On:

After reviewing and analyzing the parish survey results, the Administration & Finance Commission is focused on addressing three key aspirations highlighted in the survey. We are excited to leverage the parish strengths to enhance the wonderful St. Clement of Rome community and better live out the parish Mission Statement.

Aspirations Summaries:

- I. Improved Communication – the commission seeks to answer the parish's desire for more transparent and relevant communication with a reimagined parish and school website along with related platforms.*
- II. Facilities – the commission is exploring the current utilizations of the parish's physical facilities as well as a new community gathering space.*
- III. School Resources & Finances – the commission will be soliciting input from the parish to evaluate and make recommendations about our school's financial sustainability.*
